

## Bringing the Students out of the fear of Covid-19 into the Mainstream of Higher Education

The impact of Covid-19 resulted in the unwillingness of the parents and the students to opt for higher education. **Most of the parents and the students in this rural area failed to tolerate the harmful effects of Covid-19.** Hence, teachers were given a task to zone are identify their known village heads and collectively provide counseling to the parents.

**Objectives of the Practice:** The goal was to reach the students of rural sectors for their admissions to undergraduate courses.

**The Practice:** The admission process began by frequent visits to the nearby junior colleges and the locations of the pass out students.

**Obstacles faced problems encountered:**

- ❖ Limited transportation facility.

### Combating Covid-19

The impact of COVID-19 pandemic is: limitations of direct contact with people, restrictions on movement and travel. COVID-19 Slogan **“दो गज की दुरी और मास्क है जरूरी”**. The college teachers during their door to door visits to the parents for admissions assured them of the safety of their children and assured the parents about the Covid-19 vaccination.

**Objectives of the Practice:** The main objective was to help the society overcome the fear of the impact of Covid-19.

**The Practice:**

The NSS department in collaboration with nearby Primary Health Center organized Covid-19 Vaccination under Mission Kavach kundal.

**Objectives of the Practice:** To make the people aware of the importance of Vaccination to keep oneself safe from the hazardous effects of Covid-19 virus.

**Obstacles faced problems encountered:** No any specific.
