CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

The curriculum delivery and documentation in the college is properly maintained in a systemic manner. The college co-operates with and supports to initiatives of the affiliating university to design/restructure the curriculum from time to time. The college has three faculties i.e. Arts, Commerce, Science and offers 3 UG programmes affiliated to the Swami Ramanand Teerth Marathwada University, Nanded. The college follows semester as well as CBCS pattern for UG level courses as per the guidelines of Parent University. A flexibility of choosing subjects is provided to students. College encourages the faculty to attend workshops, seminars, conferences, refresher courses, short term courses to strengthen academics. Some of the faculty members contribute through Board of Studies of University and participate in curriculum design and restructure of university syllabus. These board members provide the right impetus and direction for enriching the curricular aspects of our institution. In 2019-20, our 6 faculties are working on Board of Studies of Parent University and have been contributing for curriculum enrichment. Apart from this, many of faculties attended curriculum related workshops/seminars which helped them to get updated themselves with new areas and trends of curriculum. The institution has a formal system of curriculum delivery and implementation in a planned and coordinated manner involving the faculty of the college. The respective departments, the Time Table, and Infrastructure Committees coordinate to meet the infrastructural requirements. Books and reading materials are made available to the students through central library. Students are also exposed to practical experiences through educational tours, excursions and field projects. Organization/participation in different seminars, symposium, workshops by different faculties helps them in widening the knowledge horizon of themselves as well as the students. Regularly, feed-backs from students, alumni, other stakeholders and academic experts are being taken. These feedback have facilitated and ensured us for continuous curriculum enrichment.

2.5.2 – Reforms initiated on Continuous Internal Evaluation(CIE) system at the institutional level (250 words)

Our College is affiliated to the S.R.T. M University Nanded and follows the syllabus laid down by the university. We follow rules and approaches to carry out a continuous internal evaluation system at the institutional level. This allows the students to understand each concept individually as well. The students are given the syllabus in detail with the exact segregation of the portion. Every topic is taught in detail, various assessments in the form of class tests, tutorials, seminars are conducted. Teachers take a detailed discussion about the topic as per the university question. Students are made conscious of the evaluation process by the orientation program at the opening of the course an academic calendar with the continuous internal Evaluation (CIE) is displayed on departmental notice boards. These tests allow the teachers to continuously evaluate the students to track their progress and to identify slow and advanced learners. Evaluation is done both in theory and practical examinations. The assessment remains impartial and accurate. The performance of the students is monitored by the Head of Department and the necessary feedback is given to the Principal and concerned faculty members. Students are encouraged to solve previous years University Exam question papers. Surveillance cameras are mounted in every classroom and laboratories where continuous internal assessment (CIE) tests are being conducted. The Principal conducts review meetings department wise to discuss the improvement of students' performance.

2.5.3 – Academic calendar prepared and adhered for conduct of Examination and other related matters (250 words)

Our institution is an affiliated college. Examinations are conducted at the end of each semester as per time table fixed by the affiliating University. We follow the Academic calendar prepared by our SRTM University, Nanded which is circulated to teachers and students and also uploaded on the college website. The Exam department informs students about the university notices and circulars related to the examinations from time to time through the student notice board, departmental notice boards and so on. The institution also prepares academic

calendar to have discipline in curricular and co-curricular activities.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

The college Management entrusts operational autonomy at the administrative level. The administrator forms different committees and provides autonomy to the committee head. The committee head in informal meetings with the committee members takes decisions about the activities and discusses with the administrator about the total planning regarding schedule of activities. The administrator after discussion with the Management takes final decision. These discussions at all levels always take place in short span of time. In this way decentralized governing system is followed. Each and every department is given freedom for planning, designing and implementing various academic activities in the college. The administrator takes meetings from time to time. These meeting include: faculty meetings, departmental meetings, and separate meetings for

Arts, Commerce and Science faculty members and meetings with the non-teaching staff to have coordination in the academic activities of the college. IQAC has freedom to formulate quality policies and its implementation. He is well supported by the committee comprising of the teachers from all the departments. Staffs meeting are organized from time to time to discuss numbers of issues. The two practices of decentralization and participative management include: 1) Academic Audit: During the academic year 2019-20 the administrator arranged for the academic audit of the college by the external peers. The audit committee including experts from university and outside the university visited the college. The committee took review of the academic, curricular and co-curricular activities and appreciated the all inclusive policy adopted by the institution. The committee visited all the departments and forwarded some suggestion for the improvement in the quality enhancement process of the institution. The committee also discussed with staff members about impartiality in the administration and took into cognizance the issues raised by the staff members. The committee members discussed about all the issues with the administrator. 2) Bulk Placements: The Management and administration of the college pays due cognizance to the issues and concerns of the staff members. As a part of it during academic year 2019-20 nine staff members got placements as professors, three staff members got placements as associate professors and three staff members from 7000 AGP to 8000 AGP. This is in tune with the Mission and Vision of the institution.

7.2 – Best Practices

7.2.1 – Describe at least two institutional best practices

1) Title of the Practice: COVID19 - Quantitative assessment of social and economic impact of Covid-19: A Visit by Faculty Members to the nearby locality.

2) Objectives of the Practice: • To help the locals understand the hazardous consequences of the epidemic. • To understand the levels of knowledge, attitudes and practices regarding Covid-19 pandemic and health education campaigns to prevent transmission of virus. • To make the locals aware of the government initiatives and the role the locals have to play to safeguard themselves and the family. • To make the locals aware their response to the disease and make them aware of the importance of interactions with each other • To understand the economic condition of the locals and provide guidance. 3) The

Context: The present epidemic requires involvement of such educational organizations working in the rural surrounding for safeguarding the locals. Therefore, along with the covid warriors, the teaching staff of the college voluntarily campaigned to make the locals aware of the hazardous effects of the epidemic. The College volunteer for the wellbeing of the locals, as it gets the students from the locality. Therefore, right from the establishment the institutional authorities promote the staff to work for the welfare of the nearby society. Since the institution gets support in the form of the admissions of the students from the nearby locality itself. It has created a social ambience through strengthening infrastructure facilities, motivating staff members and guiding them to work for the all-round personality development of the students. Therefore, any such serious matter that results in the social damage, the staff of the college voluntarily works for the society.

4) Challenging issues to be addressed while designing and implementing the practice 1) To make locals realize the importance of social distancing, wearing masks etc. 2) Vaccination awareness. 5. Evidence of Success The threat of a global disease outbreak, such as pandemic Covid-19, is an important public health problem facing the world. The COVID-19 outbreak affects all segments of the population and is particularly detrimental to members of those social groups in the most vulnerable situations, continues to affect populations, including people living in poverty situations, older persons, persons with disabilities, youth, and indigenous peoples. Early evidence indicates that the health and economic impacts of the virus are being borne disproportionately by poor people. For example, homeless people, because they may be unable to safely shelter in place, are highly exposed to the danger of the virus. People without access to running water, refugees, migrants, or displaced persons also stand to suffer disproportionately both from the pandemic and its aftermath – whether due to limited movement, fewer employment opportunities, increased xenophobia etc. The approach of the faculty members as counsellor proved very beneficial as most of the locals followed the instructions. This practice helped us to understand the positive approach that the individuals in nearby locality of college followed to an outbreak given possible behavioural changes and how this modified behaviour affects the spread of the disease. A survey by the faculty members has been taken place to gauge public reaction to social distancing and the periodic lockdown enforced during a severe pandemic. This practice has been proved very effective measuring the economic and social effects of different social distancing and lockdown interventions that are normally adopted by the government in an effort to contain a “virus-like” epidemic. The faculty members have not only collected the data but have attempted to make the people conscious of the hazardous consequences of the pandemic. It is by making them think positively the faculty members have tried their level best to reduce the mental burden of the people living in the vicinity of the college. 6. Problems Encountered and Resources Required In the

beginning the faculty members received a discouraging response as the locals showed negligence towards social distancing and wearing masks. Ensuring the locals aware of the positive effects of all these protective means also resulted to be a tough task. Visiting locals during working the pandemic, sometimes, has led to a lot of traveling adjustment.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Our college is well-known in this area for organizing various welfare activities for teaching, non-teaching staff, the students and the society oriented approach. As a part of it the college has bulk placements during the academic year 2019-20. Nearly 9 faculty members have become professors. Four faculty members have become associate professors and three faculty members moved from 7000 AGP to 8000AGP. It helps the administrator to organize various activities in a disciplined manner. The movement of faculty members from one position to the upward direction enables the staff members to work with more commitment for the overall development of the students and the society around.
